

**Name:** J Randhawa

**Title:** Associate Teacher

My journey started into teaching when I began working at my children's school as a SMSA. After that, I studied for my NNEB. At university, I studied BA honors in Early Years Education where I specialized in building children's foundation. I have worked as a Nursery Nurse and then I worked supporting English across the foundation Stage, KS1 and KS2. At present time I work as HLTA.

**Why I love my job:**

I love my job when I see my pupils flourish with knowledge. I find teaching extremely rewarding when I can see I have made a difference. In addition to this, I pride myself in providing creative and challenging lessons so the children in my care progress to the highest level of excellence. Furthermore, I provide opportunities for children to build their self-confidence as well as their self-image; leading to being resilient when tackling different situations. However, most important is to teach children to be of a caring and understanding nature.

**Why Nishkam:**

I chose Nishkam to better myself. Promoting the values within the curriculum makes Nishkam a school that is unique. Children that attend Nishkam demonstrate from such a young age the values and reflect on their actions.

I am passionate about the ethos of the school.
