

Dear Mr Kearns

We do not underestimate the anxiety parents may be feeling about the return to school in September. The attached letter and infographic have been designed to reassure parents about the changes we have made to keep our food service safe.

We would like your support to share this information with parents and customers on your communication channels. We recommend uploading the letter onto your website and sharing the messages on your social media accounts.

The health, safety and wellbeing of the children we serve, our staff and of the schools we work with has been Alliance in Partnerships number one priority throughout the Coronavirus (COVID-19) pandemic and we will continue to work with you to introduce measures to ensure that our services are delivered safely.

If you have any questions or need anything further, please don't hesitate to get in touch.

Keep safe

Kind Regards

Sadie Holloway
