How to guide for students and parents: Edmodo (all years)

1. Head over to Edmodo.com and sign in using your account. The vast majority of students already have an account. If you don't have one, please sign up.

Note: *You only need one student account to join all your classes/groups!*

Learn Better Together

Manage your classroom. Engage your students.
Safe. Simple. Free.

Get started as a...

Teacher   Student   Parent

2. Enter the group codes for the classes you wish to join.
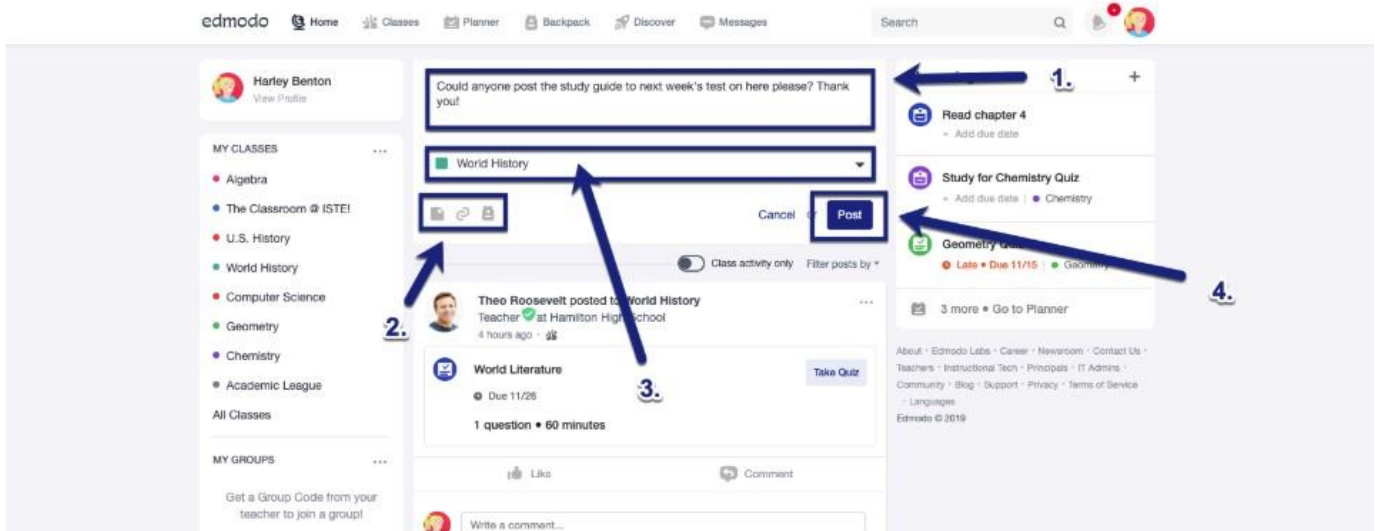

Joining with a Code:

3. When you have joined the class(es) you can view the posts from your teacher and peers.

Students can Posts Notes to the Group they are in.

1. Type the message in the **text box.**
2. Click on the **"Files," "Links," or "Library"** link options to add attachments.
3. Click the panel underneath the post stream, and select the **name of a Group** you'd like to send the post to.
4. Click **"Post"** to send the post.

Note: Students also schedule a post, they can only send a post immediately. To learn how to send a direct, private message to a Teacher, read this article.

Key lesson resources will be made available and can be downloaded in advance of the lesson. Questions can be asked both on the class home page but also through the 'Messages' facility at the top of the page.

4. Parent sign up

After your child has created a student account, you can create a parent account using your child's unique *parent code. You will not use a class/group code as parent accounts do not join classes/groups.* Once you create your parent account, you are automatically observing any class/group that your child is part of in their account.

You will need an email address to sign up for your parent account. If your email address is in use on your child's student account, you can remove the email address from the student account so that you can use it for your parent account. Student accounts do not require an email address.

How to Sign Up as a Parent:

1. Obtain the unique parent code from your child's account. *Please note that this is not the same as your child's class/group code(s).*
   - The parent code is attached to your child's account. Each child has a different parent code. You can find your parent code the following ways:
     - Your child's Edmodo Homepage on a web browser (Chrome, Firefox, Safari, etc.): the parent code is located on the bottom of the left panel.
     - Your child's Edmodo account on an iOS or Android app: select your child's profile icon 🔵 in the top left corner **>** tap the profile icon 🔵 again in the pop up panel **>** the parent code is under the **Invite Parent** button
     - Your child's teacher can provide you with the parent code.
2. Go to the Edmodo homepage on a web browser (you can also sign up with the Edmodo for Parents Android App and iOS Apps).
3. Click **Parent >** fill in the necessary information
4. Click **Sign up for FREE**.
5. Fill in your first and last name **>** click **Continue**.
6. Enter your parent code in the pop up box **>** click **Connect**. (*If you miss this pop up box, you can always connect to your child's account in the left panel **>** click Add a child or class ➕.)*
