

29th January 2020

We're counting down to Number Day 2020!

Dear parent/carer,

We are delighted to be supporting the NSPCC by taking part in their Number Day.

Children deserve an equal start in life

The NSPCC believes that all children deserve a childhood free from harm, sadly, that's not the case for many children. That's why the NSPCC is fighting for every child and working to help keep children safe from abuse. If you would like to find out more about the work carried out by the NSPCC, please visit their website; nspcc.org.uk. Information about keeping children safe online, can also be found online, nspcc.org.uk/onlinesafety.

Making maths meaningful

Number Day is a great way to make maths fun and bring about a positive, 'can-do' attitude towards it.

On Friday 7th February, we are inviting pupils to take part in 'Dress up for Digits', the pupils can come to school in non-uniform, we are encouraging pupils to wear an item of clothing with a number on it, for example, a football shirt, cap, netball shirt or they can be creative and make their own. We are asking for a suggested donation of £1.

We will be using fun curriculum-based maths challenges designed by the NSPCC, Oxford University Press and Maths on Toast. To help raise money for the NSPCC, we are asking pupils to collect sponsorship/donations using the attached sponsor form – Class teachers will send out a message via the Dojo system explaining what the children need to do to.

There will also be cake and smoothie sales as well as raffles sales taking place next week (the cost of each item will be: smoothies - 50p, Chocolate Rice Krispies - 50p and raffle tickets - 20p), should your child wish to purchase anything please send them in with money. All proceeds raised will be donated to the NSPCC.

It all adds up

By raising money, we can help to fund their vital services such as Childline – the helpline that's always there for children and young people whatever their problem or concern. All the money we raise at Nishkam Primary School will make an enormous difference to children today and help change the lives of children tomorrow.

We are looking forward to a fund-raising Number Day. Thank you for your continued support.

Yours sincerely

Mrs M Chahal
Maths Lead and Year 4 Teacher
