

3rd March 2020

Dear Parent/Carer,

I am delighted to enclose our most recent Section 5 Ofsted report under the new inspection framework, which took place on 4th – 5th February 2020. We have worked relentlessly to make improvements to ensure all our children receive an excellent education at Nishkam Primary School. We are proud to state that we have been classified as a 'Good' School with 'Outstanding' features.

The opening paragraph from the report accurately reflects what our pupils experience daily:

Pupils love to learn at this happy, caring school and typically told inspectors, 'We are loved here.' The school's values and virtues are well known by the pupils and are seen in everything that the school does. Pupils are safe and happy and this shows in how confidently they express their views and opinions.

I would like to thank you and your children for your support and faith in this journey as we continue to excel in providing high quality education to all our pupils.

Your sincerely,

Mr H S Dhanjal
Headteacher
