Dear Parent/Carer

### Family Database - Our Approach to Serving Communities

In November 2021 we wrote to you explaining our approach to developing a family database.

We would like to re-share the link with you, if you have not already signed up, we encourage you to do so as we will be launching some exciting initiatives within school for you to be involved in.

The database will be used within the school, offering volunteering opportunities allowing children to learn from your experience and knowledge. We would also like to expose pupils to a variety of career pathways to raise aspirations, helping them make good choices and understand the role of education in achieving their goal.

Volunteering, selfless service can be a huge resource and support base for the school community. In addition, it is a fantastic way to get involved in your child's education, to explore life and simultaneously make it better for other people.

If not already done so, we kindly ask you to complete and submit the form below, please click on the link to access:

Thank you to those parents/carers who have already responded. Any questions please do not hesitate to speak to Mrs Latif, our Family Liaison Officer.

We look forward to hearing from you.

Your sincerely
