Skills:

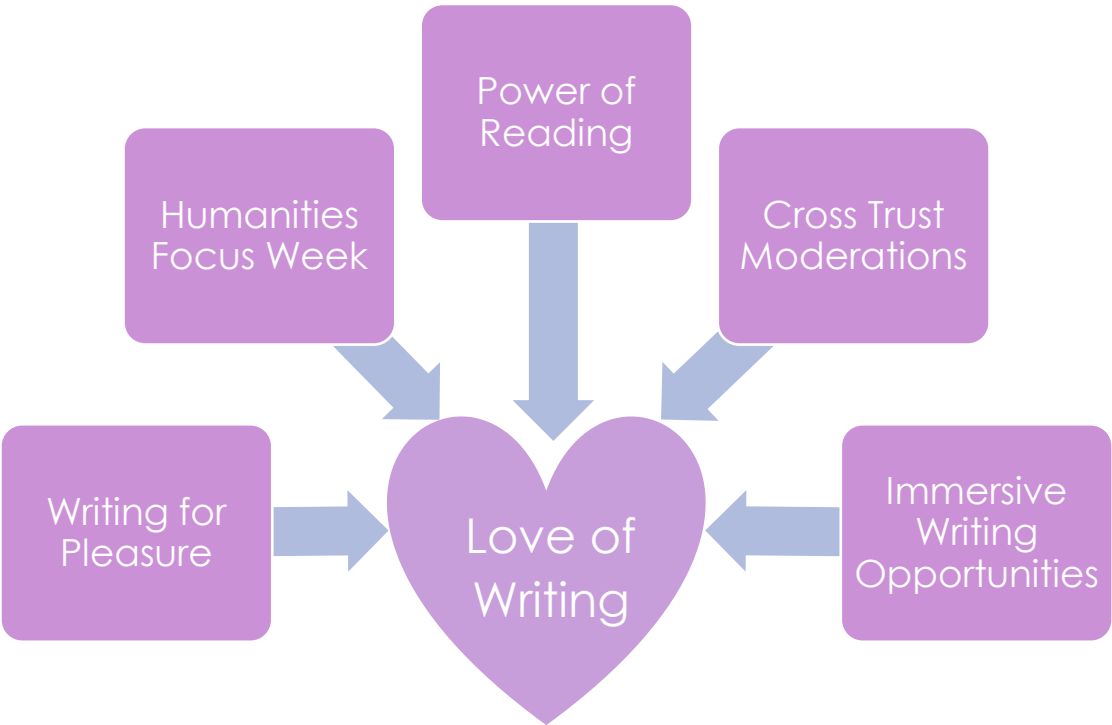

Phonics to Spelling Progression

Cohesion

Speaking and Listening

Why do we need to prioritise Writing?

- To develop a life-long love of Writing that will allow pupils to access a range of opportunities in their lives.
- To build global citizens who are keen to take responsibility for their own learning.
- To give children the building blocks that they need to become well-rounded individuals.
- To help to break down the barriers that they may face in life and to minimise and eliminate the gap for disadvantaged pupils.
