# PART ONE: SAFEGUARDING POLICY

## 1. INTRODUCTION

1.1 Safeguarding is defined as:

- Protecting children from maltreatment;
- Preventing impairment of children's health or development;
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care; and
- Taking action to enable all children to have the best life chances.

1.2 Nishkam School Trust is committed to safeguarding and promoting the welfare of all its pupils/students. We believe that:

- All children/young people have the right to be protected from harm;
- Children/young people need to be safe and to feel safe in school;
- Children/young people need support which matches their individual needs, including those who may have experienced abuse;
- All children/young people have the right to speak freely and voice their values and beliefs;
- All children/young people must be encouraged to respect each other's values and support each other;
- All children/young people have the right to be supported to meet their emotional, and social needs as well as their educational needs – a happy healthy sociable child/young person will achieve better educationally;
- Schools can and do contribute to the prevention of abuse, victimisation, bullying, exploitation, extreme behaviours, discriminatory views and risk-taking behaviours; and
- All staff and visitors have an important role to play in safeguarding children and protecting them from abuse.

1.3 The policy aims to ensure we follow procedures to ensure:

- we have a Designated Safeguarding Lead (DSL) for child protection who has undertaken Child Protection Training and who undertakes statutory training every two years and updates throughout the academic year.
- we have a Deputy DSL (DDSL) for occasions where the Senior DSL is not available; ensure the DDSL is also appropriately trained
- The DSL and/or Deputy DSL will be available to staff during school hours
- we have a nominated governor responsible for child protection.
- every member of staff, and the governing body know the name of the senior DSL and Deputy DSL responsible for child protection and their role.
- all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the DSL responsible for child protection.
- the DSL contacts Children's Social Care if there are concerns about a child/young person.
- parents have an understanding of the responsibility placed on the School and staff for child protection by setting out its duties in the school prospectus.

1.4 Nishkam School Trust will fulfil their local and national responsibilities as laid out in the following documents:

- Mental Health and Behaviour in Schools: Departmental Advice (DfE 2014)
- **Section 175 of the Education Act 2002 requires local education authorities and the governors of maintained schools and further education (FE) colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children.**
- **Section 157 of the same act and the Education (Independent Schools Standards) (England) Regulations 2003 require proprietors of independent schools (including academies and city technology colleges) to have arrangements to safeguard and promote the welfare of children who are pupils at the school.**
- **Working Together to Safeguard Children (March 2015 amended February 2017-CSE)**
- **Keeping Children Safe in Education (September 2016)**
- **Information sharing advice for safeguarding practitioners (March 2015)**
- **What to do if you are worried a child is being abused (March 2015)**
- **Sections 26 & 29 of the Counter-Terrorism and Security Act 2015**
- **Section 5B of the Female Genital Mutilation Act 2003**
- **Children Act 1989 & 2004**
- **Disqualification under the Children Act 2006**

1.5 This policy will operate in conjunction with other school policies including:

- Recruitment and Selection
- Whistleblowing
- Allegations of Abuse against staff
- E safety
- First Aid
- Staff code of conduct
- Behaviour Policy
- Anti-bullying policy
- Supporting pupils with medical conditions

Our policy applies to all "staff" (1) governors and volunteers working in the school.

*1 "Staff" covers ALL adult staff on site, including temporary, supply and ancillary staff, and volunteers working with children.*

*2 "Safe recruitment" practice means scrutinising applicants, verifying identity and qualifications, obtaining character and professional references, checking previous employment history and that a candidate has the health and physical capacity for the interview as well as the mandatory check of List 99, prohibition orders, and DBS Checks.*

## **2. OVERALL AIMS**

2.1 This policy will contribute to safeguarding our pupils/students and promoting their welfare by:

- Clarifying standards of behaviour for staff and pupils/students;
- Contributing to the establishment of a safe, resilient and robust ethos in the school, built on mutual respect, and shared values
- Introducing appropriate safeguarding topics within the curriculum;
- Encouraging pupils/students and parents to participate;
- Alerting staff to the signs and indicators that all might not be well;

- Developing staff awareness of the causes of abuse;
- Developing staff's awareness of the risks and vulnerabilities their pupils/students face;
- Addressing concerns at the earliest possible stage; and
- Reducing the potential risks pupils/students face of being exposed to violence, extremism, exploitation, or victimisation

2.2 This policy will contribute to supporting our pupils/students by:

- Identifying and protecting the most vulnerable
- Identifying individual needs including those who may benefit from early help; and
- Designing plans to meet the identified needs.

2.3 This policy will contribute to the protection of our pupils/students by:

- Including appropriate safeguarding topics within the curriculum including online safety;
- Implementing child protection policies and procedures; and
- Working in partnership with pupils/students, parents and agencies.

### **3. KEY PRINCIPLES**

3.1 The key principles of safeguarding are:

- Always see the pupil first.
- Never do nothing.
- Do with, not to, others.
- Do the simple things better.
- Have conversations, build relationships.
- Outcomes not outputs.
- Every child is entitled to a rich and rounded curriculum.
- Governance is corporate and decisions are collective, but individual governors can and should take the lead on specific aspects of school life such as safeguarding.
- When issues arise, head teachers should speak out, addressing them internally where possible and escalating them when this is unsuccessful.

### **4. KEY PROCESSES**

4.1 All staff should be aware of safeguarding guidance issued by the local authority and LCSB.

### **5. EXPECTATIONS**

5.1 All staff and visitors will:

- Be familiar with this safeguarding policy;
- Be subject to Safer Recruitment processes and checks, whether they are new staff, supply staff, contractors, governors, or volunteers etc.
- Be involved in the implementation of individual education programmes, integrated support plans, child in need plans and interagency child protection plans;
- Be alert to signs and indicators of possible abuse (see Appendix One for current definitions and indicators);

- Record concerns in writing and give the record to the Designated Safeguarding Lead
  - Deal with a disclosure of abuse from a child in line with this policy (see Appendix Two) and inform the Designated Safeguarding Lead immediately, and provide a written account as soon as possible.
- 5.2 All staff will receive basic safeguarding training/refresher training regularly. Staff will be informed of updates to safeguarding information via the DSL and/or Deputy DSL at staff meetings regularly including a minimum annual update.

## **6. THE DESIGNATED SAFEGUARDING LEAD**

- 6.1 Our Designated Safeguarding Lead has overall responsibility, management oversight and accountability for child protection and, with the Head Teacher / Principal, will be responsible for coordinating all child protection activity. Where the DSL is unavailable the Deputy DSL will cover the role and co-ordinate with the DSL on his/her return. The DSL/Deputy DSL will be available to staff during school hours.
- 6.2 The Designated Safeguarding Lead will lead regular case monitoring reviews of vulnerable children. These reviews must be evidenced by minutes and recorded in case files.
- 6.3 When the school has concerns about a child, the Designated Safeguarding Lead will decide what steps should be taken and should advise the Head Teacher / Principal. All concerns, discussions and decisions will be recorded in writing/electronically.
- 6.4 Child protection information will be dealt with in a confidential manner. Staff will be informed of relevant details only when the Designated Safeguarding Lead feels their having knowledge of a situation will improve their ability to deal with an individual child and / or family. A written record will be made of what information has been shared with whom, and when.
- 6.5 Child protection records will be stored securely in a central place separate from academic records. Individual files will be kept for each child: the school will not keep family files. Files will be kept for at least the period during which the child is attending the school, and beyond that in line with current data legislation and guidance.
- 6.6 Access to these records by staff other than by the Designated Safeguarding Lead will be restricted, and a written record will be kept of who has had access to them and when.
- 6.7 Parents will be aware of information held on their children and kept up to date regarding any concerns or developments by the appropriate members of staff. General communications with parents will be in line with any home school policies and given due regard to which adults have parental responsibility.
- 6.8 **Do not disclose to a parent any information held on a child if this would put the child at risk of significant harm.**
- 6.9 If a pupil/student moves from our school, child protection records will be forwarded on to the Designated Safeguarding Lead at the new school, with due regard to their confidential nature and in line with current government guidance on the transfer of such records. Direct contact between the two

schools may be necessary, especially on transfer from primary to secondary schools. We will record where and to whom the records have been passed and the date.

- 6.10 If sending by post, pupil records will be sent by "Special/Recorded Delivery". For audit purposes a note of all pupil records transferred or received should be kept in either paper or electronic format. This will include the child's name, date of birth, where and to whom the records have been sent and the date sent and/or received.
- 6.11 If a pupil/student is permanently excluded and moves to a Pupil Referral Unit, child protection records will be forwarded on to the relevant organisation.
- 6.12 Where a vulnerable young person is moving to a Further Education establishment, consideration should be given to the student's wishes and feelings on their child protection information being passed on in order that the FE establishment can provide appropriate support.
- 6.13 When a Designated Safeguarding Lead resigns their post or no longer has child protection responsibility, there should be a full face to face handover/exchange of information with the new post holder.
- 6.14 In exceptional circumstances when a face to face handover is unfeasible, the Head Teacher / Principal will ensure that the new post holder is fully conversant with all procedures and case files.
- 6.15 The Headteacher/Principal will liaise with the DSL/Deputy DSL to ensure adequate and appropriate DSL availability arrangements for any out of hours/out of term activities.

## **7. THE GOVERNING BODY**

- 7.1 The Governing Body are the accountable body for ensuring the safety of the school and will ensure they comply with their duties under legislation, they will have regard to 'Keeping Children safe in Education' September 2016 to ensure that the policies, procedures and training in our schools is effective and complies with the law at all times.
- 7.2 The governing body will ensure that:
  - The school has a safeguarding policy in accordance with statutory guidance which is reviewed annually. The policy, along with part one of Keeping children safe in education – September 2016 and information regarding the role of the designated safeguarding lead, will be provided to all staff on induction.
  - The school operates, "safer recruitment" procedures and ensures that appropriate checks are carried out on all new staff and relevant volunteers. At least one person on any appointment panel has undertaken appropriate safer recruitment training.
  - The Designated Safeguarding Lead attends appropriate refresher training every two years;
  - That all staff members undergo safeguarding and child protection training at induction. The training will be regularly updated.
  - That school staff receive regular updates for safeguarding and child protection knowledge from the DSL/Deputy DSL as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively

- Our Governing body recognise the expertise staff build by undertaking safeguarding training and managing safeguarding concerns on a daily basis. Opportunity will therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy.
- The Head Teacher / Principal and all other staff who work with children undertake training annually;
- Temporary staff and volunteers are made aware of the school's arrangements for child protection and their responsibilities;
- The school remedies any deficiencies or weaknesses brought to its attention without delay; and
- The school has procedures for dealing with allegations of abuse against staff/volunteers and whistleblowing.
- At least one senior member of the school's leadership team/staff acts as a Designated Safeguarding Lead and that person will have the status and authority within the school to carry out the duties of the post including committing resources and, where appropriate, supporting and directing other staff.
- The designated safeguarding lead and any deputies will liaise with the local authority and work with other agencies. Information is shared appropriately between professionals and local agencies.
- Children are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.
- Appropriate filters and appropriate monitoring systems are in place and take care that "over blocking" does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.
- They are familiar with the Ofsted New Common Inspection Framework and safeguarding: Inspecting safeguarding in early years, education and skills settings
- There are procedures in place to handle allegations against teachers, headteachers, principals, volunteers and other staff.
- Procedures are in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have been had they not resigned. Our Governing body is aware that this is a legal duty and failure to refer when the criteria are met is a criminal offence.
- That staff should recognise that children are capable of abusing their peers. Our GB will ensure that our safeguarding/child protection policy includes procedures to minimise the risk of peer on peer abuse and sets out how allegations of peer on peer abuse will be investigated and dealt with.
- That staff have the skills, knowledge and understanding necessary to keep looked after children safe and that appropriate staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility.
- They appoint a designated teacher to promote the educational achievement of children who are looked after and to ensure that this person has appropriate training.
- **Our safeguarding/child protection policy reflects the fact that additional barriers can exist when recognising abuse and neglect in children with special educational needs and disabilities**

7.3 The governing body ensures the safeguarding and child protection policies/procedures are reviewed annually

- 7.4 The Link Safeguarding Governor is responsible for liaising with the Head Teacher / Principal and Designated Safeguarding Lead over all matters regarding child protection issues. The role is strategic rather than operational – they will not be involved in concerns about individual pupils/students.
- 7.5 The Nominated Governor will liaise with the Head Teacher / Principal and the Designated Safeguarding Lead to produce a termly report for governors.
- 7.6 A member of the governing body (usually the Chair) is nominated to be responsible for liaising with the local authority and other partner agencies in the event of allegations of abuse being made against the Head Teacher / Principal.

## **8. A SAFER SCHOOL CULTURE**

### **8.1 Safer Recruitment and Selection**

The school pays full regard to 'Keeping Children Safe in Education' (DfES 2015). Safer recruitment practice includes scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job. It also includes undertaking interviews and undertaking appropriate checks through the Disclosure and Barring Service (DBS).

- 8.2 All recruitment materials will include reference to the school's commitment to safeguarding and promoting the wellbeing of pupils.
- 8.3 We will ensure that safe recruitment practices are always followed (for further information please see the NST Recruitment and Selection policy).

To establish the appropriate safeguarding culture Nishkam School will ensure that we:

- Hold a Single Central Record of Recruitment and confirm appropriate checks are completed prior to employment
- Ensure that the interview panel consists of one member who has undertaken the Safer Recruitment Training.
- Ensure that all staff are aware of the government guidance document Keeping Children Safe in Education (March 2016) and ensure that its recommendations are followed.
- Educate pupils on the safe use of new technology including advice on safe use of mobile phones, internet, e-mail and social networking environments (See 'E-safety Policy' for pupils)
- Maintaining professional boundaries in the use of telecommunications is equally important for staff. (See NST policy 'Telecommunications and Computer Use' for staff)
- Ensure every member of staff (including temporary, supply staff, contracted staff and volunteers) and the governing body know the name of the Senior DSL and DDSL responsible for child protection and understands their role.
- Ensure that staff receive safeguarding training as part of their induction process including this policy being made available to staff. All staff

including supply staff will be reminded of their safeguarding responsibilities and school procedures for safeguarding before starting work.

- Ensure that staff read Part One of the KCSIE guidance as part of their induction and are clear that safeguarding is the responsibility of ALL staff who come into contact with children and their families.
- All staff will be given a copy of the NST employee Code of Conduct policy that links to safeguarding and asked to confirm their acceptance of this and other relevant policies.
- All staff will receive appropriate safeguarding and child protection training which is regularly updated. In addition all staff members will receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. .
- Nishkam School Trust is committed to providing safeguarding training appropriate to their role and function to all staff regularly in line with the statutory guidance.

#### 8.4 **Staff Responsibilities**

The Teacher Standards (2012) state that teachers, including headteachers, should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties. We extend this level of duty to include all the staff and volunteers who work at our schools

All staff will need to:

- Have a responsibility to provide a safe environment in which children can learn
- Be aware of systems within their school which support safeguarding and have these explained to them during induction. This includes: the safeguarding/child protection policy; the staff behaviour policy/code of conduct; KCSIE 2016, role of the DSL and the names of the Designated Safeguarding Lead and deputies
- Be aware of the early help process and be prepared to identify children who may benefit from early help
- Be aware of the signs of abuse and neglect, and of what to do if a child makes a disclosure
- Be aware that pupils are capable of abusing their peers; it should be made clear that abuse is abuse and should never be tolerated or passed off as "banter" or "part of growing up". This type of safeguarding issue is most likely to include, but is not limited to: bullying (including cyber bullying), gender based violence/sexual assaults and sexting.
- Understand the difference between 'concerns' and 'immediate danger of risk or harm'. Concerns should be discussed, if possible, with the DSL, and a course of action decided on. Where a child is in immediate danger or at risk of harm, a referral should be made to children's social care and/or the police immediately. Staff should be aware that anyone can make a referral. In both cases, staff making a referral directly should inform the DSL as soon as possible. Staff should maintain an appropriate level of confidentiality while liaising with relevant professionals.
- Be aware of the process for making referrals to social services
- Always act in the best interests of the child
- Will receive appropriate safeguarding/child protection updates regularly, but at least annually;
- A child going missing from an education setting is a potential indicator of abuse or neglect. Staff members should follow the school

procedures for dealing with children who go missing, particularly on repeat occasions. This includes reporting concerns of absence.

**8.5 Staff Support**

We recognise the stressful and traumatic nature of child protection work. We will support staff by providing an opportunity to talk through their anxieties with the Designated Safeguarding Lead and to seek further support as appropriate.

**8.6 Parental Responsibilities**

We have an open-door policy where we encourage parents to share any concerns regarding their own children or any other child/children who they feel may be at risk of harm. All concerns will be explored in a sensitive and timely manner. Parents /carers should ensure their child attends school and that they arrive on time and are collected on time.

We expect parents/carers to notify us of any changes in family circumstances and inform us of any changes of address and contact numbers.

**8.7 Children's Responsibilities**

In our school, we respect our children. The atmosphere within our school is one that encourages all children to do their best and to talk freely about any concerns or worries. We provide opportunities that enable our children to take and make decisions for themselves. Children will always be taken seriously and listened to if they seek help from a member of staff. Our school encourages all pupils to share any worries or concerns with any adult in the school at any time.

**9. OUR ROLE IN THE PREVENTION OF ABUSE**

9.1 We will provide opportunities for pupils/students to develop skills, concepts, attitudes and knowledge that promote their safety and well-being.

**9.2 The curriculum**

Relevant issues will be addressed through the PSHE curriculum, for example self-esteem, emotional literacy, assertiveness, power, sex and relationship education, bullying and online safety including the use of mobile devices (please see the E-safety policy for further details).

9.3 Relevant issues will be addressed through other areas of the curriculum as appropriate.

**9.4 Other areas of work**

All our policies which address issues of power and potential harm, for example bullying, equal opportunities, and behaviour, will be linked to ensure a whole school approach.

9.5 Our safeguarding policy cannot be separated from the general ethos of the school, which should ensure that pupils/students are treated with respect and dignity, taught to treat each other with respect, feel safe, have a voice, and are listened to.

**10. SAFEGUARDING PUPILS/STUDENTS WHO ARE VULNERABLE TO EXTREMISM**

10.1 Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been several occasions both locally and nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. (see Appendix Four). Our staff will co-operate with local Channel panels as required.

10.2 Nishkam School Trust values freedom of speech and the expression of beliefs / ideology as fundamental rights underpinning our society's values. Both pupils/students and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.

10.3 The current threat from terrorism in the United Kingdom may include the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make children and young people vulnerable to future manipulation and exploitation. Nishkam School Trust is clear that this exploitation and radicalisation should be viewed as a safeguarding concern.

10.4 Definitions of radicalisation and extremism, and indicators of vulnerability to radicalisation are in Appendix Four.

10.5 Nishkam School Trust seeks to protect children and young people against the messages of all violent extremism.

#### **10.6 Risk reduction**

The school governors, the Head Teacher/Principal and the Designated Safeguarding Lead will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include consideration of the school's RE curriculum, SEND policy, use of school assemblies, the use of school premises by external agencies, integration of pupils by gender and SEN, anti-bullying policy and other issues specific to the school's profile, community and philosophy.

10.7 This risk assessment will be reviewed as part of the annual s175 return that is monitored by the local authority and the local safeguarding children board.

#### **10.8 Response**

Our school, like all others, is required to identify a Prevent Single Point of Contact (SPOC) who will be the lead within the organisation for safeguarding in relation to protecting individuals from radicalisation and involvement in terrorism: this will normally be the Designated Safeguarding Lead. The responsibilities of the SPOC are described in Appendix Five.

10.9 When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the SPOC and to the Designated Safeguarding Lead if this is not the same person.

10.10 Numerous factors can contribute to and influence the range of behaviours that are defined as violent extremism, but most young people do not become involved in extremist action. For this reason, the appropriate interventions in any particular case may not have any specific connection to the threat of radicalisation, for example they may address mental health, relationship or drug/alcohol issues.

## **11. SAFEGUARDING PUPILS/STUDENTS WHO ARE VULNERABLE TO EXPLOITATION, FORCED MARRIAGE, FEMALE GENITAL MUTILATION, OR TRAFFICKING**

11.1 Our safeguarding policy above, and the school's values, ethos and behaviour policies, provide the basic platform to ensure children and young people are given the support to respect themselves and others, stand up for themselves and protect each other.

11.2 Our school keeps itself up to date on the latest advice and guidance provided to assist in addressing specific vulnerabilities and forms of exploitation.

11.3 Our staff are supported to recognise warning signs and symptoms in relation to specific issues, and include such issues in an age appropriate way in their curriculum.

11.4 Our school works with and engages our families and communities to talk about such issues.

11.5 Our staff are supported to talk to families about sensitive concerns in relation to their children and to find ways to address them together wherever possible.

11.6 Our Designated Safeguarding Lead knows where to seek and get advice as necessary.

11.7 Our school brings in experts and uses specialist material to support the work we do.

11.8 So-called 'honour-based' violence (HBV) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM) (refer to Appendix Seven), forced marriage, and practices such as breast ironing. All forms of so called HBV are abuse (regardless of the motivation) and will be handled and escalated as such. If staff have any concerns they will speak to the designated safeguarding lead.

## **12. CHILDREN WHO GO MISSING FROM EDUCATION**

A child going missing from education is a potential indicator of abuse or neglect. School staff will follow the school's procedures for unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect and to help prevent the risks of their going missing in future.

## **13. PEER ON PEER ABUSE**

13.1 We believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other children.

We recognise that some children will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's relevant policy e.g. behaviour policy.

ALL allegations will be taken seriously, we understand that 'abuse is abuse and should never be tolerated or passed off as "banter" or "part of growing up". (KCSIE 2016) ALL allegations will be carefully considered and all decisions will be made on a case by case basis in consultations with social care. Referral under safeguarding arrangements may be necessary, key specific considerations will include:

- The age, maturity and understanding of the children; and
- Any disability or special needs of the children

### 13.2 Allegations against other children which are safeguarding issues

Some allegations may be of such a serious nature that they may raise safeguarding concerns. These allegations may include physical abuse, emotional abuse, sexual abuse and sexual exploitation and sexting (Refer to Appendix Eight & Appendix Six). Other gender issues that can be prevalent when dealing with peer on peer abuse could, for example, include girls being sexually touched or assaulted or boys being subject to initiation or hazing type violence. It is also likely that incidents may involve older students and their behaviour towards younger students or those who are vulnerable.

It is likely that, to be considered a safeguarding allegation against a child, some of the following features will be found.

If the allegation:

- Is made against an older child and refers to their behaviour towards a younger child or a more vulnerable child
- Is of a serious nature, possibly including a criminal offence
- Raises risk factors for other children in the school
- Indicates that other children may have been affected by this child; and
- Indicates that young children outside the school may be affected by this child.

## 14. **SEXTING AND SEXUAL IMAGERY**

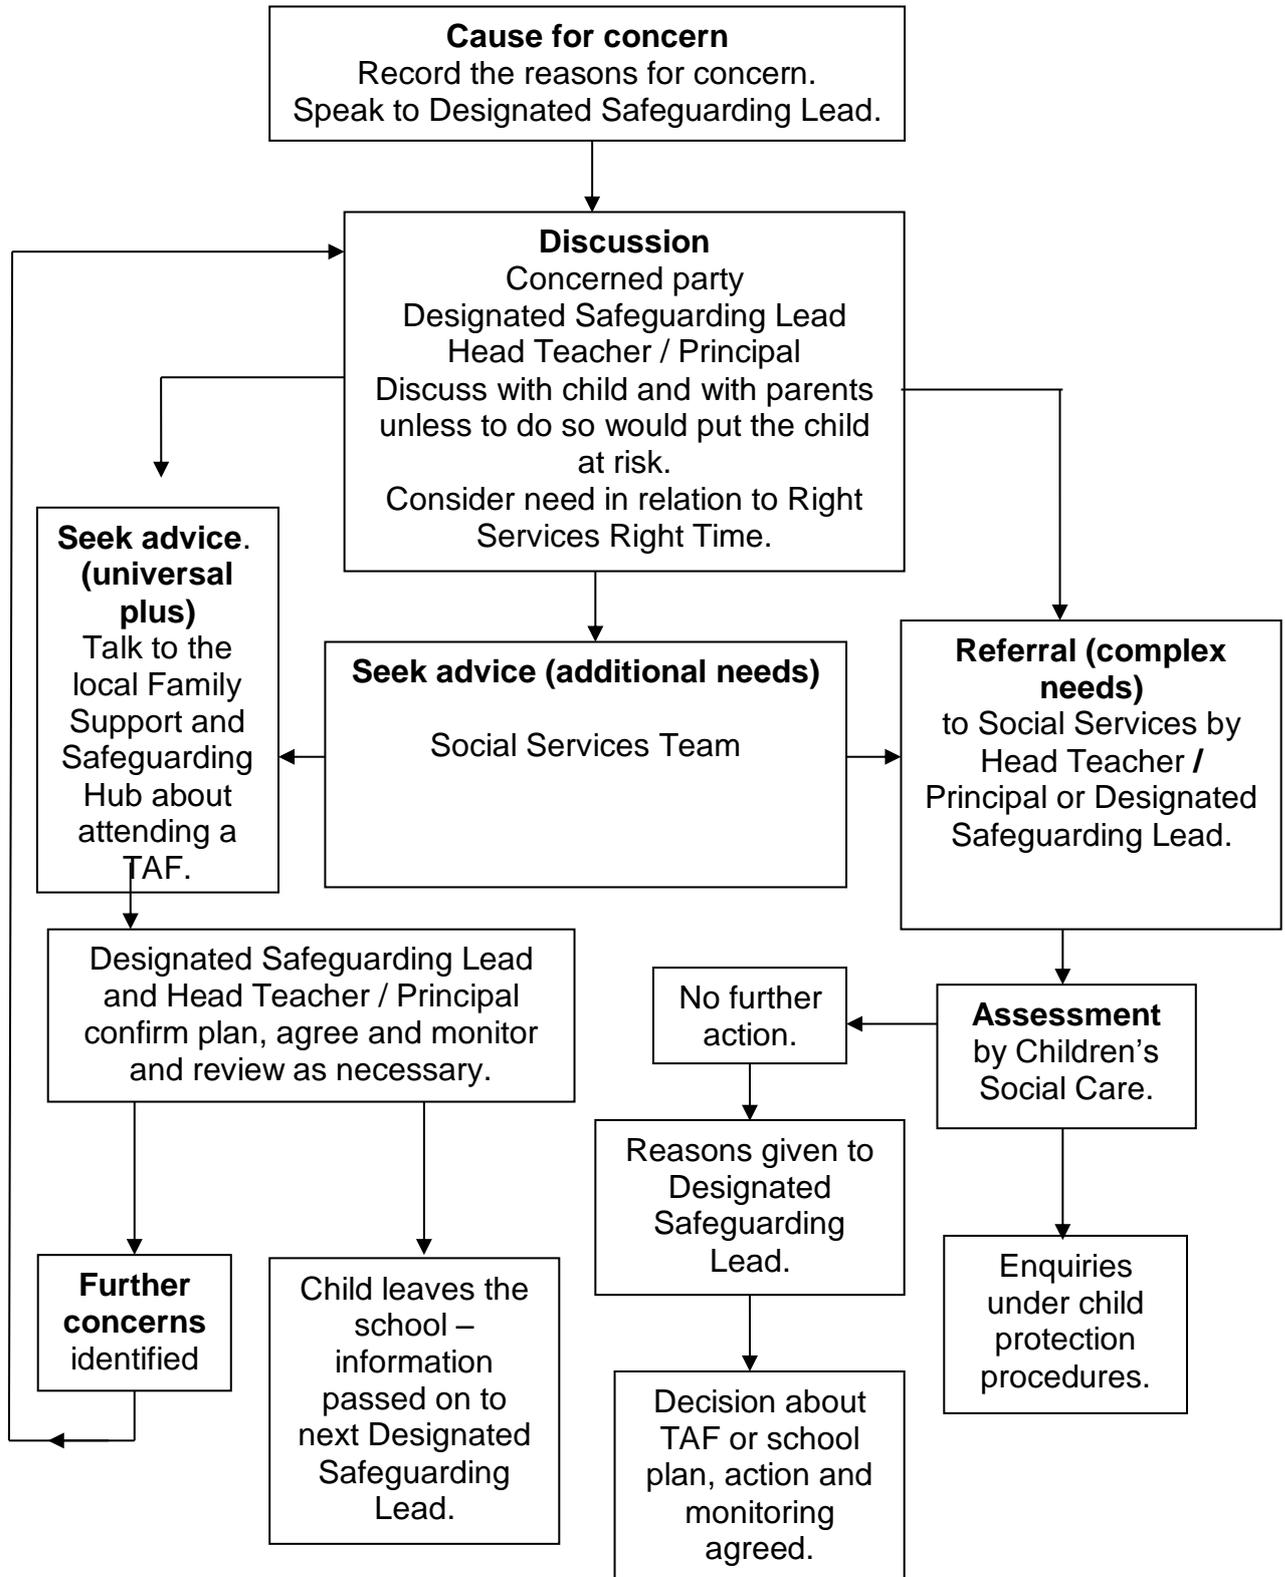

- 14.1 All incidents involving youth produced sexual imagery will be responded to in line with our school's safeguarding and child protection policy.
- 14.2 Our staff will not view youth produced sexual imagery unless there is good and clear reason to do so. Wherever possible responses to incidents will be based on what DSLs have been told about the content of the imagery.
- 14.3 The decision to view imagery will be based on the professional judgement of our DSL and will always comply with our school's safeguarding and child protection policy and procedures. Imagery will never be viewed if the act of viewing will cause significant distress or harm to the pupil.
- 14.4 We will provide help and support with the removal of imagery from devices and social media, especially if they are distressed. Most online service providers offer a reporting function for account holders and some offer a public reporting function to enable a third party to make a report on behalf of the young person. (Refer to Appendix Nine)

## **15. WHAT WE DO WHEN WE ARE CONCERNED**

- 15.1 Where risk factors are present but there is no evidence of a particular risk then our DSL /SPOC advises us on preventative work that can be done within school to engage the pupil into mainstream activities and social groups. The DSL may well be the person who talks to and has conversations with the pupil/student's family, sharing the school's concern about the young person's vulnerability and how the family and school can work together to reduce the risk.
- 15.2 In this situation, depending on how worried we are and what we agree with the parent and the young person (as far as possible) –
- The DSL/SPOC can decide to notify Social Care of the decision so that a strategic overview can be maintained and any themes or common factors can be recognised; and
  - The school will review the situation after taking appropriate action to address the concerns.
- 15.3 The DSL/SPOC will also offer and seek advice about undertaking an early help assessment such as the family Common Assessment Framework (fCAF) and/or making a referral to children's social care. The local family support and safeguarding hub can assist us.
- 15.4 If the concerns about the pupil/student are significant and meet the additional needs/complex need criteria, they will be referred to Social Care Teams. This includes concerns about a child/young person who is affected by the behaviour of a parent or other adult in their household.

# PART TWO – THE KEY PROCEDURES

## RESPONDING TO CONCERNS ABOUT A CHILD

## **16. INVOLVING PARENTS / CARERS**

- 16.1 In general, we will discuss any child protection concerns with parents / carers before approaching other agencies, and will seek their consent to making a referral to another agency. Appropriate staff will approach parents / carers after consultation with the Designated Safeguarding Lead. However there may be occasions when the school will contact another agency **before** informing parents/carers because it considers that contacting them may increase the risk of significant harm to the child.
- 16.2 Parents / carers will be informed about our safeguarding policy through letters, induction handbooks, the school website and other appropriate methods of communication as required.

## **17. MULTI-AGENCY WORK**

- 17.1 We work in partnership with other agencies in the best interests of the children. The school will, where necessary, liaise with the school nurse and doctor, and make referrals to children's social care. Referrals should be made by the Designated Safeguarding Lead to Social Services. Where the child already has a safeguarding social worker, the request for service should go immediately to the social worker involved, or in their absence to their team manager.
- 17.2 We will co-operate with any child protection enquiries conducted by children's social care: the school will ensure representation at appropriate inter-agency meetings such as integrated support plan meetings initial and review child protection conferences, and core group meetings.
- 17.3 We will provide reports as required for these meetings. If the school is unable to attend, a written report will be sent. The report will, wherever possible, be shared with parents / carers at least 24 hours prior to the meeting.
- 17.4 Where a pupil/student is subject to an inter-agency child protection plan or a multi-agency meeting, the school will contribute to the preparation, implementation and review of the plan as appropriate.

## **18. OUR ROLE IN SUPPORTING CHILDREN**

- 18.1 We will offer appropriate support to individual children who have experienced abuse or who have abused others.
- 18.2 An individual support plan will be devised, implemented and reviewed regularly for these children. This plan will detail areas of support, who will be involved, and the child's wishes and feelings. A written outline of the individual support plan will be kept in the child's child protection record.
- 18.3 Children and young people who abuse others will be responded to in a way that meets their needs as well as protecting others within the school community through a multi-agency risk assessment. We will ensure that the needs of children and young people who abuse others will be considered separately from the needs of their victims.
- 18.4 We will ensure the school works in partnership with parents / carers and other agencies as appropriate.

**19. RESPONDING TO AN ALLEGATION ABOUT A MEMBER OF STAFF, GOVERNOR OR VOLUNTEER** (see Appendix Three)

*For further details of the procedures see the NST policy for 'Allegations of abuse against staff'.*

**20. CHILDREN WITH ADDITIONAL NEEDS**

20.1 Nishkam School Trust recognises that while all children have a right to be safe, some children may be more vulnerable to abuse, for example those with a disability or special educational need, those living with domestic violence or drug / alcohol abusing parents, etc.

20.2 When the school is considering excluding, either fixed term or permanently, a vulnerable pupil and / or a pupil/student who is the subject of a child protection plan or where there is an existing child protection file, we will call a multi-agency risk-assessment meeting prior to making the decision to exclude. In the event of a one-off serious incident resulting in an immediate decision to exclude, the risk assessment *must* be completed prior to convening a meeting of the Governing Body

**21. MONITORING AND REVIEW**

The safeguarding policy will be reviewed on an annual basis

# APPENDICES

## DEFINITIONS AND INDICATORS OF ABUSE

### 1. NEGLECT

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision (including the use of inadequate care-givers); or
- Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

The following may be indicators of neglect (this is not designed to be used as a checklist):

- Constant hunger;
- Stealing, scavenging and/or hoarding food;
- Frequent tiredness or listlessness;
- Frequently dirty or unkempt;
- Often poorly or inappropriately clad for the weather;
- Poor school attendance or often late for school;
- Poor concentration;
- Affection or attention seeking behaviour;
- Illnesses or injuries that are left untreated;
- Failure to achieve developmental milestones, for example growth, weight;
- Failure to develop intellectually or socially;
- Responsibility for activity that is not age appropriate such as cooking, ironing, caring for siblings;
- The child is regularly not collected or received from school; or
- The child is left at home alone or with inappropriate carers

### 2. PHYSICAL ABUSE

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

The following may be indicators of physical abuse (this is not designed to be used as a checklist):

- Multiple bruises in clusters, or of uniform shape;
- Bruises that carry an imprint, such as a hand or a belt;
- Bite marks;
- Round burn marks;
- Multiple burn marks and burns on unusual areas of the body such as the back, shoulders or buttocks;
- An injury that is not consistent with the account given;

- Changing or different accounts of how an injury occurred;
- Bald patches;
- Symptoms of drug or alcohol intoxication or poisoning;
- Unaccountable covering of limbs, even in hot weather;
- Fear of going home or parents being contacted;
- Fear of medical help;
- Fear of changing for PE;
- Inexplicable fear of adults or over-compliance;
- Violence or aggression towards others including bullying; or
- Isolation from peers.

### **3. SEXUAL ABUSE**

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

The following may be indicators of sexual abuse (this is not designed to be used as a checklist):

- Sexually explicit play or behaviour or age-inappropriate knowledge;
- Anal or vaginal discharge, soreness or scratching;
- Reluctance to go home;
- Inability to concentrate, tiredness;
- Refusal to communicate;
- Thrush, persistent complaints of stomach disorders or pains;
- Eating disorders, for example anorexia nervosa and bulimia;
- Attention seeking behaviour, self-mutilation, substance abuse;
- Aggressive behaviour including sexual harassment or molestation;
- Unusual compliance;
- Regressive behaviour, enuresis, soiling;
- Frequent or open masturbation, touching others inappropriately;
- Depression, withdrawal, isolation from peer group;
- Reluctance to undress for PE or swimming; or
- Bruises or scratches in the genital area.

### **4. SEXUAL EXPLOITATION**

Child sexual exploitation occurs when a child or young person, or another person, receives "something" (for example food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of the child/young person performing sexual activities, or another person performing sexual activities on the child/young person.

The presence of any significant indicator for sexual exploitation should trigger a referral to children's social care. The significant indicators are:

- Having a relationship of concern with a controlling adult or young person (this may involve physical and/or emotional abuse and/or gang activity);
- Entering and/or leaving vehicles driven by unknown adults;

- Possessing unexplained amounts of money, expensive clothes or other items;
- Frequenting areas known for risky activities;
- Being groomed or abused via the Internet and mobile technology; and
- Having unexplained contact with hotels, taxi companies or fast food outlets.

## **5. EMOTIONAL ABUSE**

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may also involve seeing or hearing the ill-treatment of another person. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment

The following may be indicators of emotional abuse (this is not designed to be used as a checklist):

- The child consistently describes him/herself in very negative ways – as stupid, naughty, hopeless, ugly;
- Over-reaction to mistakes;
- Delayed physical, mental or emotional development;
- Sudden speech or sensory disorders;
- Inappropriate emotional responses, fantasies;
- Neurotic behaviour: rocking, banging head, regression, tics and twitches;
- Self-harming, drug or solvent abuse;
- Fear of parents being contacted;
- Running away;
- Compulsive stealing;
- Appetite disorders - anorexia nervosa, bulimia; or
- Soiling, smearing faeces, enuresis.

N.B.: Some situations where children stop communication suddenly (known as "traumatic mutism") can indicate maltreatment.

## **6. RESPONSES FROM PARENTS**

Research and experience indicates that the following responses from parents may suggest a cause for concern across all four categories:

- Delay in seeking treatment that is obviously needed;
- Unawareness or denial of any injury, pain or loss of function (for example, a fractured limb);
- Incompatible explanations offered, several different explanations or the child is said to have acted in a way that is inappropriate to her/his age and development;

- Reluctance to give information or failure to mention other known relevant injuries;
- Frequent presentation of minor injuries;
- A persistently negative attitude towards the child;
- Unrealistic expectations or constant complaints about the child;
- Alcohol misuse or other drug/substance misuse;
- Parents request removal of the child from home; or
- Violence between adults in the household.

## **7. DISABLED CHILDREN**

When working with children with disabilities, practitioners need to be aware that additional possible indicators of abuse and/or neglect may also include:

- A bruise in a site that might not be of concern on an ambulant child such as the shin, might be of concern on a non-mobile child;
- Not getting enough help with feeding leading to malnourishment;
- Poor toileting arrangements;
- Lack of stimulation;
- Unjustified and/or excessive use of restraint;
- Rough handling, extreme behaviour modification such as deprivation of medication, food or clothing, disabling wheelchair batteries;
- Unwillingness to try to learn a child's means of communication;
- Ill-fitting equipment. for example callipers, sleep boards, inappropriate splinting;
- Misappropriation of a child's finances; or
- Inappropriate invasive procedures.

## DEALING WITH A DISCLOSURE OF ABUSE

### When a child tells me about abuse s/he has suffered, what must I remember?

- Stay calm.
- Do not communicate shock, anger or embarrassment.
- Reassure the child. Tell her/him you are pleased that s/he is speaking to you.
- Never enter into a pact of secrecy with the child. Assure her/him that you will try to help but let the child know that you will have to tell other people in order to do this. State who this will be and why.
- Tell her/him that you believe them. Children very rarely lie about abuse; but s/he may have tried to tell others and not been heard or believed.
- Tell the child that it is not her/his fault.
- Encourage the child to talk but do not ask "leading questions" or press for information.
- Listen and remember.
- Check that you have understood correctly what the child is trying to tell you.
- Praise the child for telling you. Communicate that s/he has a right to be safe and protected.
- Do not tell the child that what s/he experienced is dirty, naughty or bad.
- It is inappropriate to make any comments about the alleged offender.
- Be aware that the child may retract what s/he has told you. It is essential to record all you have heard.
- At the end of the conversation, tell the child again who you are going to tell and why that person or those people need to know.
- As soon as you can afterwards, make a detailed record of the conversation using the child's own language on the school's reporting form. Include any questions you may have asked. Do not add any opinions or interpretations. Ensure the record is dated and signed.

NB It is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk.

### Immediately afterwards

**You must not deal with this yourself.** Clear indications or disclosure of abuse must be reported to children's social care without delay, by the Head Teacher / Principal or the Designated Safeguarding Lead.

Children making a disclosure may do so with difficulty, having chosen carefully to whom they will speak. Listening to and supporting a child/young person who has been abused can be traumatic for the adults involved. Support for you will be available from your Designated Safeguarding Lead or Head Teacher / Principal.

**ALLEGATIONS ABOUT A MEMBER OF STAFF, GOVERNOR OR VOLUNTEER**

1. Inappropriate behaviour by staff/volunteers could take the following forms:
  - **Physical**  
For example the intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects or rough physical handling.
  - **Emotional**  
For example intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes that discriminate on the grounds of race, gender, disability or sexuality.
  - **Sexual**  
For example sexualised behaviour towards pupils, sexual harassment, sexual assault and rape.
  - **Neglect**  
For example failing to act to protect a child or children, failing to seek medical attention or failure to carry out an appropriate risk assessment.
  - **Radicalisation**  
"Radicalisation" refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism. During that process it is possible to intervene to prevent vulnerable people being drawn into terrorist-related activity.
2. If a child makes an allegation about a member of staff, governor, visitor or volunteer the Head Teacher / Principal should be informed immediately. The Head Teacher / Principal should carry out an urgent initial consideration in order to establish whether there is substance to the allegation. The Head Teacher / Principal should not carry out the investigation him/herself or interview pupils.
3. The Head Teacher / Principal must exercise, and be accountable for, their professional judgement on the action to be taken by notifying the Local Authority Designated Officer (LADO) Team and liaising with the Chair of Governors and advise about action to be taken, and may initiate internal referrals within children's social care to address the needs of children likely to have been affected.
4. For details of this specific policy procedures see the NST policy on Allegations of Abuse against staff.

**INDICATORS OF VULNERABILITY TO RADICALISATION**

1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
2. Extremism is defined by the Government in the Prevent Strategy as:  
Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
3. Extremism is defined by the Crown Prosecution Service as:  
The demonstration of unacceptable behaviour by using any means or medium to express views which:
  - Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
  - Seek to provoke others to terrorist acts;
  - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
  - Foster hatred which might lead to inter-community violence in the UK.
4. There is no such thing as a "typical extremist": those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.
5. Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.
6. Indicators of vulnerability include:
  - Identity Crisis – the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
  - Personal Crisis – the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
  - Personal Circumstances – migration; local community tensions; and events affecting the student / pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
  - Unmet Aspirations – the student / pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
  - Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
  - Special Educational Need – students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

7. However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.

8. More critical risk factors could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.

9. Channel

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. In addition to information sharing, if a staff member makes a referral to Channel, they may be asked to attend a Channel panel to discuss the individual referred to determine whether support is required

Our staff will co-operate with local Channel panels as required.

**PREVENTING VIOLENT EXTREMISM -  
ROLES AND RESPONSIBILITIES OF THE SINGLE POINT OF CONTACT (SPOC)**

- Ensuring that staff of the school are aware that you are the SPOC in relation to protecting students/pupils from radicalisation and involvement in terrorism;
  - Maintaining and applying a good understanding of the relevant guidance in relation to preventing students/pupils from becoming involved in terrorism, and protecting them from radicalisation by those who support terrorism or forms of extremism which lead to terrorism;
  - Raising awareness about the role and responsibilities of Nishkam School Trust in relation to protecting students/pupils from radicalisation and involvement in terrorism;
  - Raising awareness within the school about the safeguarding processes relating to protecting students/pupils from radicalisation and involvement in terrorism;
  - Acting as the first point of contact within the school for case discussions relating to students / pupils who may be at risk of radicalisation or involved in terrorism;
  - Collating relevant information from in relation to referrals of vulnerable students / pupils into the relevant local agencies/police counter-terrorism units
  - Attending multi-agency meetings as necessary and carrying out any actions as agreed; reporting on progress where required and sharing additional information in a timely manner.
- \* The local Police Counter-Terrorism Unit aims to:
- Establish an effective multi-agency referral and intervention process to identify vulnerable individuals;
  - Safeguard individuals who might be vulnerable to being radicalised, so that they are not at risk of being drawn into terrorist-related activity; and
  - Provide early intervention to protect and divert people away from the risks they face and reduce vulnerability.

**EXAMPLES OF PEER ON PEER ABUSE**

Examples of safeguarding issues against a child could include:

**Physical Abuse**

- Violence, particularly pre-planned;
- Forcing others to use drugs or alcohol; and
- Initiation and hazing violence.

**Emotional Abuse**

- Blackmail or extortion;
- Threats and intimidation; and
- Cyber-bullying.

**Sexual Abuse including sexting and gender based violence**

- Indecent exposure, indecent and inappropriate touching or serious sexual assaults;
- Forcing others to watch pornography or take part in sexting; and
- Initiation and hazing violence.

**Sexual Exploitation**

- Encouraging other children to engage in inappropriate sexual behaviour (For example - having an older boyfriend/girlfriend, associating with unknown adults or other sexually exploited children, staying out overnight); and
- Photographing or videoing other children performing indecent acts.

## FEMALE GENITAL MUTILATION (FGM)

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences. Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers** along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at [Mandatory reporting of female genital mutilation procedural information](#)

Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also still consider and discuss any such case with the school or college’s designated safeguarding lead and involve children’s social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.

Our staff will call contact the police on 101

Some warning signs:

- Difficulty walking, sitting or standing;
- Unusual behaviour after an absence from school;
- Age of the young girl (0-15 years);
- A young girl may visit the bathroom more frequently or spend more time than usual in the bathroom;
- A young girl may have frequent, urinary, menstrual or stomach problems;
- Prolonged or repeated absence from school;
- A young girl may try to avoid PE lessons;
- Travel to a country known to practise FGM (School holiday times);
- An Elder family member visiting from a country known to practise FGM;
- Over hearing conversations related to FGM;
- A young girl may disclose, ask questions or ask for advice;
- Reluctance to undergo normal medical examination; and
- Girls that are withdrawn from PSHE or SRE.

## **CHILD SEXUAL EXPLOITATION (CSE)**

The definition of child sexual exploitation is as follows:

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Like all forms of child sexual abuse, child sexual exploitation:

- can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex;
- can still be abuse even if the sexual activity appears consensual;
- can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity; can take place in person or via technology, or a combination of both;
- can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence;
- may occur without the child or young person's immediate knowledge (through others copying videos or images they have created and posting on social media, for example);
- can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and
- is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.

Child sexual exploitation is never the victim's fault, even if there is some form of exchange: all children and young people under the age of 18 have a right to be safe and should be protected from harm.

## SEXTING (Youth Produced Sexual Imagery)

We know and understand that sharing photos and videos online is part of daily life for many children/ young people, enabling them to share their experiences, connect with friends and record their lives. Photos and videos can be shared as text messages, email, posted on social media or increasingly via mobile messaging apps, such as Snapchat, Whatsapp or Facebook Messenger.

The increase in the speed and ease of sharing imagery has brought concerns about children/young people producing and sharing sexual imagery of themselves. This can expose them to risks, particularly if the imagery is shared further, including embarrassment, bullying and increased vulnerability to sexual exploitation.

Although the production of such imagery will likely take place outside of our school, these issues often manifest in schools and organisations working with children and young people. Our school will respond swiftly and confidently to ensure that children/young people are safeguarded, supported and educated. Producing and sharing sexual images of under-18s is also illegal.

Our school will deal with all incidents of youth produced sexual imagery as a safeguarding concern. We will be guided by the principle of proportionality and our primary concern will be the welfare and protection of the children/young people involved. Our school may respond to incidents without involving the police in accordance with the guidelines set out in the UKCCIS- Sexting in schools and colleges: responding to incidents and safeguarding young people.

Our school adopts the recommended procedures regarding the law and handling incidents outlined in UKCCIS- Sexting in schools and colleges: responding to incidents and safeguarding young people and DfE guidance – Searching, screening and confiscation (February 2014).

Whilst dealing with an incident our school will:

- Respond immediately to disclosures or incidents in line with our school's safeguarding procedures, staff will notify the Designated Safeguarding Lead immediately of any concern, incident or disclosure
- Handle devices and imagery according to DfE advice (Searching, Screening and confiscation- February 2014)
- Risk assess situations
- Involve other agencies, including escalation to the police and children's social care
- Record incidents
- Involve parents
- Seek to support children/young people
- Support children/young people to report youth produced sexual imagery online.
- Provide preventative education
