

19th November 2018

Dear Parent or Carer,

On behalf of the Nishkam Schools team, I start with a very warm welcome from all of us at the family of Nishkam Schools.

As you may understand, the DfE funding agreement for Sevak Education Trust will come to an end on 31st December 2018, and Nishkam School Trust will be commencing a new school from 1st January 2019.

We would like to pay gratitude for the significant efforts of Sevak Education Trust, the leaders and staff in forming the foundations of the school and the journey so far. The effort required in particular to start a new school is huge and much sacrifice of time together with dedication will have been undertaken.

We start this next phase of the journey with both humility and optimism in the belief that whilst there will be hurdles to overcome, that collectively, we can continue to build on the significant effort and good work that will be taking place in the benefit of pupils.

At any time of significant change, following much instability and uncertainty, I know this will be a very unsettling period for all involved. We want to reassure you that together with the mandate we have been entrusted with, we are wholly committed to wellbeing and the quality of education of all pupils as a priority.

With this in mind, our aim will be to work collaboratively to support good practice already occurring in the school, further enhance practice where support might be required, and share best practice both from across our sister schools as well to share best practice taking place here at the school.

We would like to share the attached FAQ leaflet for more information and background about us.

In the next few weeks, I would like to invite you to parent consultation meetings to hear your thoughts on areas that are most important to you, as well as share more about us.

We very much look forward to meeting you all in due course.

Yours sincerely,

Dr. Brinder Singh Mahon
Chief Executive Officer
