## Our Vision and Ethos

Nishkam schools are Sikh ethos multi faith schools that take a distinctive approach to many traditional faith schools. The Nishkam School Trust education model is led by virtues such as, compassion, humility, service, contentment, optimism, trust and forgiveness. Virtues are prevalent throughout our teaching and learning model and are modelled by our pupils, staff and teachers. Our pupils explore the divine context of humanity and wonder of all creation and also learn from the wisdom of all religions and in doing so explore the infinite human potential to do good unconditionally. We support all pupils and staff to develop aspects of their own religious, spiritual or human identities. In service of God, we pray for guidance in this endeavour and forgiveness for the errors we may make.

### 1. Aims and Objectives

NST are committed to ensure that the health and safety needs of all staff and pupils are met; ensuring that all staff and governors are aware of their responsibilities with regards to health and safety. NST will provide a framework for responding to an incident and recording and reporting the outcomes.

### 2. Legislation and guidance

[EYFS only]

This policy is based on the [Statutory Framework for the Early Years Foundation Stage](#) guidance, advice from the Department for Education on [first aid in schools](#), [health and safety in schools](#) guidance from the Health and Safety Executive (HSE) on [incident reporting in schools](#), and the following legislation:

All schools;

This policy is based on advice from the Department for Education on [first aid in schools](#), [health and safety in schools](#) and guidance from the Health and Safety Executive (HSE) on [incident reporting in schools](#), and the following legislation:

- [The Health and Safety \(First Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- [Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- [The Education \(Independent School Standards\) Regulations 2014](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils

This policy complies with our funding agreement and articles of association.

### 3. Responsibilities

The responsibility for Health and Safety, which includes First Aid, rests with the Governing Body. The School Leader is responsible for putting the policy in place, including informing staff and parents.

All staff, and those parents with responsibility for children in school, will be aware of available First Aid personnel, facilities, and the location of First Aid boxes and information.

### **3.1 First aiders**

The school's first aiders are responsible for:

- Taking charge when someone is injured or becomes ill
- Ensuring there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits
- Ensuring that an ambulance or other professional medical help is summoned when appropriate

First aiders are trained and qualified to carry out the role (see section 7) and are responsible for:

- Acting as first responders to any incidents; they will assess the situation where there is an injured or ill person, and provide immediate and appropriate treatment
- Sending pupils home to recover, where necessary
- Filling in an accident report on the same day, or as soon as is reasonably practicable, after an incident
- Keeping their contact details up to date

Our school's first aiders names will also be displayed prominently around the school.

### **3.2 The Trust board**

The Trust board has ultimate responsibility for health and safety matters at the Trust but delegates the responsibility and oversight to the LGB and operational matters and day-to-day tasks to the School Leader and staff members.

### **3.3 The School Leader**

The School Leader is responsible for the implementation of this policy, including:

- Ensuring that an appropriate number of trained first aid personnel are present in the school at all times
- Ensuring that first aiders have an appropriate qualification, keep training up to date and remain competent to perform their role
- Ensuring all staff are aware of first aid procedures and have completed anaphylaxis training
- Ensuring appropriate risk assessments are completed and appropriate measures are put in place
- Undertaking, or ensuring that managers undertake, risk assessments, as appropriate, and that appropriate measures are put in place
- Ensuring that adequate space is available for catering to the medical needs of pupils
- Reporting specified incidents to the HSE when necessary (see section 6)

### **3.4 Staff**

School staff are responsible for:

- Ensuring they follow first aid procedures
- Ensuring they know who the first aiders in school are
- Completing accident reports for all incidents they attend to where a first aider is not present
- Informing the School Leader or a member of SLT of any specific health conditions or first aid needs

## **4. First aid procedures**

### **4.1 In-school procedures**

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on scene until help arrives
- The first aider will also decide whether the injured person should be moved or placed in a recovery position
- If the first aider judges that a pupil is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents
- If emergency services are called, parents will be contacted as soon as is reasonably practicable by an appropriate member of staff.
- The first aider will complete an accident report form on the same day or as soon as is reasonably practical after an incident resulting in an injury

#### [EYFS only]

There will be at least 1 person who has a current paediatric first aid (PFA) certificate on the premises at all times.

### **4.2 Off-site procedures**

When taking pupils off the school premises, staff will ensure they always have the following:

- A mobile phone
- A portable first aid kit including, at minimum:
  - A leaflet giving general advice on first aid
  - 6 individually wrapped sterile adhesive dressings
  - 1 large sterile unmedicated dressing
  - 2 triangular bandages – individually wrapped and preferably sterile
  - 2 safety pins
  - Individually wrapped moist cleansing wipes
  - 2 pairs of disposable gloves
- Information about the specific medical needs of pupils
- Parents' contact details
- When transporting pupils using a minibus or other large vehicle, the school will make sure the vehicle is equipped with a clearly marked first aid box containing, at minimum:
  - 10 antiseptic wipes, foil packed
  - 1 conforming disposable bandage (not less than 7.5cm wide)
  - 2 triangular bandages
  - 1 packet of 24 assorted adhesive dressings

- 3 large sterile unmedicated ambulance dressings (not less than 15cm × 20 cm)
- 2 sterile eye pads, with attachments
- 12 assorted safety pins
- 1 pair of rustproof blunt-ended scissors

Risk assessments will be completed by a member of SLT prior to any educational visit that necessitates taking pupils off school premises.

#### EYFS only

There will always be at least 1 first aider with a current paediatric first aid (PFA) certificate on school trips and visits, as required by the statutory framework for the Early Years Foundation Stage.

There will always be at least 1 first aider on school trips and visits.

## **5. First aid equipment**

A typical first aid kit in our school will include the following:

- A leaflet with general first aid advice
- 2 sterile eye pads
- 2 individually wrapped triangular bandages (preferably sterile)
- Adhesive tape
- 6 safety pins
- 3 pairs of disposable gloves
- Antiseptic wipes
- Plasters of assorted sizes
- Scissors
- Cold compresses
- Burns dressings
- 20 individually wrapped sterile adhesive dressings (assorted sizes)
- 6 medium sized individually wrapped sterile unmedicated wound dressings
- 2 large sterile individually wrapped unmedicated wound dressings

No medication is kept in first aid kits.

## **6. Record-keeping and reporting**

### **6.1 First aid and accident record book**

- An accident form will be completed by the first aider on the same day or as soon as possible after an incident resulting in an injury. This may be completed either in hard copy using the accident form in Appendix I or on an online platform.
- As much detail as possible should be supplied when reporting an accident, including all of the information included in the accident form at appendix I.
- A copy of the accident report form will also be added to the pupil's educational record by the staff member responsible for the administration of first aid on the school site.

- Records held in the first aid accident book will be retained by the school for a minimum of 3 years, in accordance with regulation 25 of the Social Security (Claims and Payments) Regulations 1979, and then securely disposed of.

## 6.2 Reporting to the HSE

The School Leader will keep a record of any accident which results in a reportable injury, disease, or dangerous occurrence as defined in the RIDDOR 2013 legislation (regulations 4, 5, 6 and 7).

The School Leader will report these to the Health and Safety Executive as soon as is reasonably practicable and in any event within 10 days of the incident – except where indicated below. Fatal and major injuries and dangerous occurrences will be reported without delay (i.e. by telephone) and followed up in writing within 10 days.

School Staff: reportable injuries, diseases or dangerous occurrences include:

- Death
- Specified injuries, which are:
  - Fractures, other than to fingers, thumbs and toes
  - Amputations
  - Any injury likely to lead to permanent loss of sight or reduction in sight
  - Any crush injury to the head or torso causing damage to the brain or internal organs
  - Serious burns (including scalding) which:
    - Covers more than 10% of the whole body's total surface area; or
    - Causes significant damage to the eyes, respiratory system or other vital organs
  - Any scalding requiring hospital treatment
  - Any loss of consciousness caused by head injury or asphyxia
  - Any other injury arising from working in an enclosed space which leads to hypothermia or heat-induced illness, or requires resuscitation or admittance to hospital for more than 24 hours
- Work-related injuries that lead to an employee being away from work or unable to perform their normal work duties for more than 7 consecutive days (not including the day of the incident). In this case, the School Leader will report these to the HSE as soon as reasonably practicable and in any event within 15 days of the accident
- Occupational diseases where a doctor has made a written diagnosis that the disease is linked to occupational exposure. These include:
  - Carpal tunnel syndrome
  - Severe cramp of the hand or forearm
  - Occupational dermatitis, e.g. from exposure to strong acids or alkalis, including domestic bleach
  - Hand-arm vibration syndrome
  - Occupational asthma, e.g. from wood dust
  - Tendonitis or tenosynovitis of the hand or forearm
  - Any occupational cancer
  - Any disease attributed to an occupational exposure to a biological agent
- Near-miss events that do not result in an injury, but could have done. Examples of near-miss events relevant to schools include, but are not limited to:
  - The collapse or failure of load-bearing parts of lifts and lifting equipment

- The accidental release of a biological agent likely to cause severe human illness
- The accidental release or escape of any substance that may cause a serious injury or damage to health
- An electrical short circuit or overload causing a fire or explosion

Pupils and other people who are not at work (e.g. visitors): reportable injuries, diseases or dangerous occurrences

These include:

- Death of a person that arose from, or was in connection with, a work activity\*
- An injury that arose from, or was in connection with, a work activity\* and the person is taken directly from the scene of the accident to hospital for treatment

\*An accident “arises out of” or is “connected with a work activity” if it was caused by:

- A failure in the way a work activity was organised (e.g. inadequate supervision of a field trip)
- The way equipment or substances were used (e.g. lifts, machinery, experiments etc); and/or
- The condition of the premises (e.g. poorly maintained or slippery floors)

Information on how to make a RIDDOR report is available here:

[How to make a RIDDOR report, HSE](http://www.hse.gov.uk/riddor/report.htm)

<http://www.hse.gov.uk/riddor/report.htm>

### 6.3 Notifying parents

An appropriate staff member (class teacher, first aider, welfare officer) will inform parents of any accident or injury sustained by a pupil, and any first aid treatment given, on the same day, or as soon as reasonably practicable. Parents will also be informed if emergency services are called.

### 6.4 Reporting to OfSTED and child protection agencies

The School Leader will notify OfSTED of any serious accident, illness or injury to, or death of, a pupil while in the school’s care. This will happen as soon as is reasonably practicable, and no later than 14 days after the incident.

The School Leader will also notify the appropriate local child protection agencies of any serious accident or injury to, or the death of, a pupil while in the school’s care.

## 7. Training

All school staff are able to undertake first aid training if they would like to.

All first aiders must have completed a training course, and must hold a valid certificate of competence to show this. The school will keep a register of all trained first aiders, what training they have received and when this is valid until.

The school will arrange for first aiders to retrain before their first aid certificates expire. In cases where a certificate expires, the school will arrange for staff to retake the full first aid course before being reinstated as a first aider.

[EYFS only]

At all times, at least 1 staff member will have a current paediatric first aid (PFA) certificate which meets the requirements set out in the Early Years Foundation Stage statutory framework and is updated at least every 3 years.

#### **8. Monitoring arrangements**

This policy will be reviewed by the Principal/ Headteacher every two years. At every review, the policy will be approved by the Trust Board.

#### **9. Links with other policies**

This first aid policy is linked to the

- Health and safety policy
- Risk assessment policy
- Policy on supporting pupils with medical conditions
