

Speech of Open Day

By

Gianna Year 6

Good evening, everyone, my name is Gianna, and I am here today to talk about why I like this, School.

I am in Year 6 and since starting last November I have had a great experience.

This is a wonderful school with lots of good staff and kind children.

The teachers are supportive in lessons and help us succeed in our learning.

When I first started this school, I Quickly made many friends.

My Favourite subject is art, and I have learnt about street art and many other interest things.

I think this is a great school for your children to attend for a fun learning experience.

Thank you for listening.
